Capital Traction Shows Spurt, Selling Up to 107 After Call.

With the exception of Capital Traction, trading on the local stock market was extremely light yesterday. Capital Traction 5s were active and sold freely at 105:1-2 and 195:5-8 and after call at 107.
All other sales were of the odd lot order. Sales were made of Railway preferred at 51. Washington Gas at 74-3-4 and 75. Capital Traction at 53:3-4. District Bank at 146, and Chapin-Sacks at 170. Lanston remained nominal with 85 bid and 85 asked.

List Shows Weakness.

W. B. Hibbs & Co. yesterday received the following analysis of the New York stock market from Logan & Bryant:
"The list was rather weak during the forenoon, but later railled on covering by the room. Sentiment in the financial community has become rather bearing the lion has been packed, but even so the lion has been packed, but even so the low strength of the lion has been material to warrant the conclusion that the position of the stock list has been material; improved. We continue to advise the view that dealings on the long side of the industrial list should be restricted."

American lineleum factories are increasing their output at the expense of Scotland's exports.
